

Handrail & Accessories

The perfect finishing touch and training aid for any swimming pool, the Certikin handrail and lane marking accessories are easy to install and keep sparkling clean.

CK1 - Handrail

Manufactured in 1.25" x 18g AISI316 mirror-polished stainless steel tube and supplied in 3 metre lengths.

CK76N & CK76CN - Stainless Steel Handrail Brackets

Available for use as end brackets (CK76CN) or centre brackets (CK76N) and supplied with fixing bolts and expansion sockets for a secure installation. It is recommended that a bracket is positioned at 1-1.2 metre intervals. Manufactured from AISI316 polished stainless steel.

HD76 & HD76C - Plastic Handrail Brackets

A lower priced alternative to stainless steel but still providing an attractive method of securely fixing handrail to the poolside. Fixings and screws available as an optional extra.

HD77 - Clipfit Handrail Bracket

HD77 plastic bracket sets are designed to provide an extremely easy method of installing handrail and enable temporary removal if required. A smart cover plate is included to shield the screws when the handrail is not in use. All fixings are provided.

JS1 - Handrail Jointing Spigots

Provides an easy and inexpensive method of joining two lengths of handrail.

EC125 - Handrail End Caps

A plastic end cap to provide an attractive and safe finish to the handrail.

Note:

The stainless steel fabricators association recommends the use of 316 grade stainless steel in salt-water pools or pools using salt as a sterilisation agent.
